**RE: EXTENSION REQUEST FOR HAZARDOUS WASTE PERMIT RENEWAL
APPLICATION
ADVANCED CHEMICAL TREATMENT, INC. EPA ID# NMD002208627
RNCH-11-001**

Dear Ms. Harsono:

The New Mexico Environment Department (NMED) received the Advanced Chemical Treatment's (Permittee) letter requesting an extension for the Hazardous Waste Permit Renewal Application in response to the September 2, 2016 Administratively Incomplete Determination.

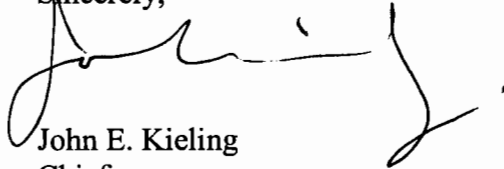

The Permittee requests a four (4) month extension to submit the revision of the Hazardous Waste Treatment and Storage Facility Permit Renewal Application. The Permittee requires additional time to respond to and revise the permit renewal application.

The Permittee has shown acceptable cause for an extension due to the extensive revisions required; therefore, NMED hereby grants the requested extension. The Permittee must submit a revised Permit Application no later than **May 15, 2017**. In addition to the revised application, the Permittee must submit a table cross-referencing NMED's numbered comments with the locations in the Application where each comment was addressed.

Ms. Harsono
