RE: Receipt of Public Comments on the Proposed Resource
Conservation and Recovery Act (RCRA) Subpart X Permit for
U.S. Army Fort Bliss EPA I.D. No. NM4213720101.

Dear Mr. Garcia:

Enclosed for your response are public comments received by
the Environmental Protection Agency (EPA) on the proposed New
Mexico RCRA Subpart X permit which was public noticed November
11, 1994. The comments were received during the public notice
period which closed December 28, 1994.

The state of New Mexico is authorized for implementation of
Subpart X permits including response to public comments. Whereas
EPA is authorized to implement the HSWA portion of the permit
which is attached as the last module to the Subpart X permit. No
comments were received by EPA on the HSWA portion.
Consequently, the comments received on the thermal treatment unit
are being forwarded to the state of New Mexico.

If you have any questions concerning EPA's transmittal of
the public comments please contact me at (214) 665-6785 or have
your staff contact Mr. James Harris at (214) 665-8302.

Sincerely yours,
Richard Mayer for Dave Neleigh
