- Cheryl,
- 1.) We have contacted the contractor, Malcolm Pirnie/Steve Peterson, and requested a set of electronic Post Closure Certification Reports for SWMU-18 and -27 for you. The contractor is mailing them to us on Monday. You will have them soon.
  - 2.) TCEQ rep is Allan Posnick, TCEQ (MC-127), Corrective Action Section, 12100 Park 35 Circle, Building D, Austin, TX 78753.  
APOSNICK@tceq.state.tx.us
  - 3.) A copy of the final Historical Record Review (HRR)/Site Investigation (SI) Final Report was received yesterday and will be sent next week to you and Steve Pullen, who also requested a copy.
  - 4.) The Post Closure Certification Reports for these two sites have the related work plans included in the Appendices of the Certification Reports. As you may recall, FB proceeded with actual site closure based on funding received and based on this, closure events overtook the work plans.

Should you have any other questions please call me or Ron.

Regards,  
Elza

Hello Ron:

I haven't gotten any response from you, so I though I'd re-send you my questions.

- 1.) I was wondering if you can send me electronic copies of the two Post Closure Certification Reports for the McGregor Range Camp Landfill (SWMU 18) and the Dona Ana Range Camp Landfill (SWMU 27). Copies of these on CD would be great. Please let me know if this is possible as soon as you can. I'd appreciate it.
- 2.) Can you send me the contact information of those at the TCEQ who work with Ft. Bliss?

3.) NMED would like more information on the closure (or corrective action) activities that have taken place at the Castner Range in Texas. We think that the efforts made at the Castner Range regarding UXO clearance and other clean up may be useful for other areas at Bliss and other facilities. Call me if you have any questions about this.

4.) I am starting to review the Post Closure Certification Reports for SWMUs 18 and 27 (FTBL-13 and 12). NMED sent a letter (dated October 8, 2004) stating that FB must submit plans for closing these SWMUs for NMED's review and approval. Were these plans submitted to us or were the reports (dated March of 2005) submitted in lieu of the work plans?

Call or e-mail if you have any questions.

Thanks for your support, Cheryl
