Dear Ms. Waggoner:

The New Mexico Environment Department (NMED) has reviewed the Department of Army's (Permittee) *Annual Post-Closure Site Inspection of the Closed McGregor Range Camp Landfill, Solid Waste Management Unit (SWMU) No. 18/FTBL-013*, Fort Bliss, New Mexico (Report), dated December 12, 2015, and received December 18, 2015.

In accordance with NMED's *Approval of Post-Closure Certification Report for McGregor Range Camp Landfill (Solid Waste Management Unit No. 18)*, Fort Bliss, New Mexico (June 12, 2007), the Permittee conducted an inspection of the site on June 23, 2014, and found it to be in good condition. Evidence of minor erosion was observed at the southern boundary of the site but not found to affect the cover of the landfill. Healthy vegetation growth was observed throughout the landfill cover and in and around the drainage system. Signage was inspected and was determined to be in good condition. The fence in the northwest portion of the unit was repaired on July 9, 2014.
