RE: Annual Hazardous Waste Management Business Fee Assessment

Dear Brigadier General Lake:

The RCRA Permits Management Program (RPMP) and the Corrective Action Program (CAP) of the Hazardous and Radioactive Materials Bureau (HRMB) have completed the first Annual Unit Audit (AUA) of facilities permitted under the New Mexico Hazardous Waste Act to ensure that each facility's permit accurately and appropriately lists the facility's operating, closure, post closure and corrective action units, as required by 20 NMAC 4.2.201.2. Under 20 NMAC 4.2.201.1, the AUA is also used to determine the Annual Hazardous Waste Management Business Fee (AHWMBF) for each facility. Input from each facility was requested in a letter dated January 6, 1999 and signed by Dr. Robert S. (Stu) Dinwiddie, Manager, RPMP.

As a result of the AUA, an Annual Hazardous Waste Management Business Fee of \$34,000 is assessed for the Holloman Air Force Base Facility. Work sheets used for calculation of this fee are enclosed.

Payment is due within sixty (60) days of your receipt of this letter, as required by 20 NMAC 4.2.401. Should the Return Receipt be sent back to HRMB without a date of receipt, the fees are due sixty (60) days from the date of this letter. Payment should be made by certified check or money order payable to the New Mexico Environment Department Hazardous Waste Fund #339. Should you need to request an extension of the sixty (60) day period, the request must be received a minimum of fourteen (14) calendar days prior to the end of the sixty (60) day period. This fourteen (14) day period is necessary to ensure that the facility receives written approval or denial prior to the expiration of the sixty (60) day payment period.

Payments should be mailed to:
