SUBJECT: RCRA Part B Permit Modification for New Conforming Storage Facility
Permit No. NM6572124422

1. We are submitting subject permit modification in advance of constructing a new conforming storage facility designed to replace our existing indoor/outdoor hazardous waste storage facility. The sections requiring modification are being submitted at this time; the other sections remain unchanged from those previously submitted in the application and subsequent response to the notice of deficiency determined to be technically complete and adequate by your letter dated 4 Oct 00.
2. Modified sections are designated with an "i." Sections that were modified are Bi, Ci, Di, Ei, Gi, Hi, Ii, Ki, Mi, and Ni. Also, a revised Part A application, reflecting an up-to-date signature, is enclosed.
3. We will be contacting you soon to schedule a meeting concerning this modification and establishing a construction schedule. Feel free to contact Ms. Deborah Hartell or Mr. Rod Villegas at (505) 572-3931 should you have any questions.
