Dear Mr. Kieling,

In the letter dated August 2, 2016, the New Mexico Environment Department (NMED) approved the Holloman Air Force Base (AFB) June 22, 2016 request for an extension of the deadline to submit the Non-Time Critical Removal Action (NTCRA) Work Plan (WP) to NMED for removal of contaminated soil at SR859a Former Skeet Range and TS862a Jeep Target Area Skeet Range Munitions Response Sites. Holloman AFB is requesting an additional 6-month extension for submitting the WP until December 27, 2017 due to NMED disapproval of the document preceding the NTCRA WP (i.e., Remedial Investigation Report for SR859a and TS862a MRSs).

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision according to a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

If you have any questions regarding this submittal, please contact me at (575) 572-6675.

Sincerely,

KUSMAK.ADAM
