CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Mr. Coby Muckelroy
New Mexico Environmental Improvement Division
Hazardous and Radioactive Waste Bureau
1190 St. Francis Drive
Santa Fe, New Mexico 87503

Dear Mr. Muckelroy:

The purpose of this letter is to submit an updated EPA Form No. 8700-12, Notification of Hazardous Waste Activity, for our facility, Albuquerque Microelectronics Operation (AMO). Our EPA I.D. No. is NM4890110519. Since the AMO facility is in the final shut-down phase, the modifications in their hazardous waste activities are reflected in the updated Form 8700-12. One change is the deletion of corrosive waste streams, since all corrosives have been disposed. A second change is reduction in status from 90-day generator to Small Quantity Generator, since the quantity of waste now generated is below 1000 kg/month.

Thank you for your assistance in assuring an accurate record of current activities at the AMO facility. If you require further information, please call Sue E. Umshler, of my staff, at (505) 845-6671.

Sincerely,

Thomas Bridge
