Dear Mr. Davidson:

This is in response to your June 4, 1991, letter requesting the Environmental Protection Agency (EPA) to determine whether a site located at Building 20212, was a Solid Waste Management Unit (SWMU).

EPA has determined that this site is a SWMU and that Kirtland will need to do a Class I permit modification, according to 40 CFR 270.42 requirements. This SWMU can be included either in Appendix II or III of the permit.

If you have any further questions concerning this issue, please contact Rich Mayer of my staff at (214) 655-6775.

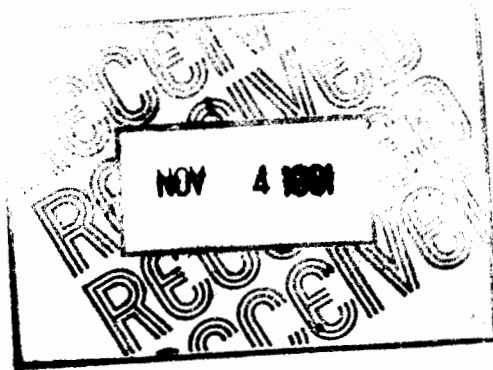

Sincerely yours,

Richard Mayer
