Dear Mr Horst

On 26 November 1991 Kirtland was notified by the New Mexico Environment Department (NMED) of their approval of the closure plans for the base sewage lagoon system. Due to a delay in securing funding for the project, a 180 day extension to the closure deadline was requested. The request was approved by NMED extending the closure deadline to 20 November 1992.

If you have any questions, please contact Mr John Gould at 846-2773.

Sincerely

THOMAS A. NORRIS, Colonel, USAF
Director
Environmental Management Division
