Dear Sirs:

In response to the Notice of Noncompliance and Necessity for Conference in regard to the Land Disposal Restrictions (LDR), for the United States Department of Energy, Sandia National Laboratories (SNL), dated December 30, 1992, Docket No. RCRA VI-301-H, EPA I.D. NO. NM5890110518, this letter confirms that a meeting with appropriate Environmental Protection Agency personnel has been scheduled for 10:00 a.m. on February 8, 1993 at the Region VI offices, by telephone conversations with Mr. Nicholas Stone on January 8 and January 11, 1993. These contacts and scheduled meeting fulfill the requirements of the "Necessity for Conference" as stated on page 11 of the Notice.

With a copy of this letter, we are notifying the New Mexico Environment Department (NMED) of this scheduled meeting and would respectfully request that appropriate representatives from NMED be invited to attend this initial conference concerning the subject Notice of Noncompliance. During the meeting we would also like to discuss minor discrepancies we have detected in the Notice.

We appreciate the opportunity to meet with you and NMED to discuss these matters. We agree with your goal to successfully complete an agreement to ensure full compliance with the Land Disposal Restrictions and other applicable Federal and State laws. Please contact Sue E. Umshler, of my staff, at (505) 845-6671 for additional information or any necessary changes in the schedule.

Sincerely,

K.A. Carlson
