Dear Ms. Morlock

In recent conversations with our Restoration Branch, you've expressed concerns about placing new sites into Appendix III of the Kirtland AFB RCRA HSWA Part B Permit. You suggested we create a new sub-part to Appendix IV, or 2D-3.

We feel Appendix IV should be reserved for those actual or suspected sites containing radioactive or mixed wastes, and feel Appendix III, as approved, should not be expanded beyond what it is now. Therefore, we propose creating a new Appendix V, to which we will add new sites as they are identified. The deliverables for all new sites would be determined as they are added to the permit.

Please advise us as soon as possible if you agree with this proposal or have a counter-proposal. My point of contact is Mr. Christopher DeWitt, Acting Chief, Restoration Branch, (505) 846-2773/ 0053 (fax: (505) 846-0400).

Sincerely
