**RE: Open Burn Class 3 Permit Modification Fees**

Dear Mr. Darr:

This is to officially inform you that the Permit Modification Fees for addition of an Open Burn Unit to the Open Detonation treatment unit will be \$19,000.00 as per New Mexico Hazardous Waste Management Fees Regulations. This is because the addition of the OB unit is a Class 3 Permit Modification in accordance with New Mexico Hazardous Waste Management Regulations HWMR-7, Part IX, §270.42 and §270.43. These fees include the Basic Permit Fees of \$10,000.00; Open Burn Unit Fees of \$5,000.00; and Public Participation Fees of \$4,000. These fees will be charged after the KAFB permit modification application has been reviewed and found to be both administratively and technically adequate. Enclosed is a copy of the New Mexico Waste Fee Regulations.

If you have any questions regarding this matter, you may contact me or Cornelius Amindyas of my staff at (505) 827-4308.

Sincerely,

  
Barbara Hoditschek, Manager  
RCRA Permits Program
