Dear Ms. Morlock

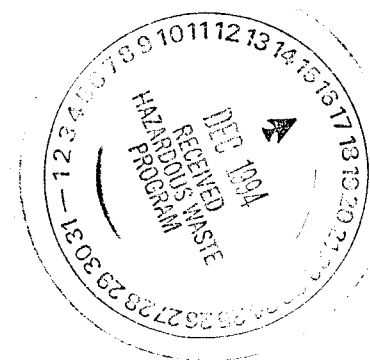

Request you approve a 30-day extension of the due date for the Base-Wide Plans for Activities Associated with the IRP. With the late receipt of fiscal funding, the number of plans due at the same time, and the upcoming holidays, we are, like you, "snowed under."

If you approve this request, we will forward the base-wide plans to you no later than 30 January 1995.

Sincerely

CHRISTOPHER B. DeWITT, R.P.G.
Chief, Restoration Branch
Environmental Management Division
