## MEMORANDUM FOR RECORD

FROM: 377 ABW/EMR

SUBJECT: Oil/Water Separator (OWS) Removal Plan

1. On 28 Jul 95, I spoke with Ms. Nancy Morlock, EPA Region 6, concerning our 20 Jun 95 letter on the OWS removal, part of our NOD response. In our letter, we asked if we could submit the Compliance Branch's OWS removal plan, due out in mid-July, rather than having our contractor duplicate efforts and publish another removal plan.
2. Ms. Morlock agreed to submitting Compliance's plan, as long as it is published within 60 days.
