

DEPARTMENT OF THE AIR FORCE
Headquarters 377th Air Base Wing (AFMC)

MEMORANDUM FOR MEMBERS, BERNALILLO COUNTY/KIRTLAND AIR
FORCE BASE ENVIRONMENTAL WORKING GROUP
(EWG)

FROM: 377 ABW/EMR
2000 Wyoming Blvd SE
Kirtland AFB NM 87117-5659

SUBJECT: Next EWG Meeting

1. At the 13 July EWG meeting, we discussed when to hold the next meeting. It was generally agreed it is not practical to hold another meeting in August just to get back on the old quarterly schedule and coincide with the DOE/Sandia National Laboratories meeting. As you remember, we had postponed our May 1995 meeting until July so it would be after the Base Realignment and Closure (BRAC) decision.
2. Participants at the July EWG meeting thought we should skip August and get back on the regular quarterly schedule with the November 1995 meeting. The proposed date is Thursday, 16 November, at the Loma Linda Community Center on Yale Blvd SE. That date is good for Ms. Nancy Morlock, EPA Region 6 in Dallas. Ms. Ann Newsted, with The East Manzano Alliance (TEMA), has volunteered to host the meeting.
3. We hope the November date is okay with you. If not, please let me or Ms. Kari Paseur know. Our phone is 846-0053. Meanwhile, we will press on with planning for the November meeting. Hope to see you there.

CHRISTOPHER B. DeWITT, R.P.G.
Chief, Restoration Branch
