SUBJECT: Request for Extension of Time for Submittal of the Modification to the Stage 2 Abatement Plan, Bulk Fuels Facility (BFF); and Stage 2 Abatement Plan, Semi-Annual Summary and Performance Report, October 2006 Through March 2007, BFF, Kirtland Air Force Base (KAFB), New Mexico

1. The Environmental Management (EM) Branch of KAFB is requesting and extension of time to submit the subject modification and report.
2. We are requesting an extension until 7 Jul 07 to submit the Modification to the Stage 2 Abatement Plan. The original submittal date was 8 May 07, as required in your 9 Mar 07 letter. EM has not received funding from our Major Command to complete the required modification. The length of the requested extension is based on the New Mexico Water Quality Control Commission Regulations 20.6.2.4106A. "For good cause shown, the secretary may allow for a total of one hundred and twenty (120) days to prepare the abatement plan [modification] proposal."
3. We are also requesting an extension until 30 Jun 07 to submit the Stage 2 Abatement Plan, Semi-Annual Summary and Performance Report, October 2006 through March 2007. The request is based on incorporation of the analytical data and information concerning the discovery of phase-separated hydrocarbons in groundwater monitor well KAFB-1065, which occurred at the end of the semi-annual reporting period.
4. The requested extensions of time were discussed with and verbally approved by Mr. Baird Swanson of your staff.
5. If you have any questions, please do not hesitate to contact me at (505)-853-6534 or Mark Holmes at (505) 846-9005.
