Dear Mr. Bearzi

Per your request we are enclosing for your review and records <sup>2</sup> three copies of the Final Resource Recovery and Conservation Act (RCRA) Facility Investigation Report Addendum for Melrose Bombing Range dated February 2003. The Addendum addresses comments received from your office in March 1999 regarding the Phase I RCRA Facility Investigation (RFI) dated November 1996. The Addendum describes the results of supplemental field programs conducted in May 2000 and June 2002 and a facility-wide screening-level ecological risk assessment for Solid Waste Management Units 114, 115 and 117; and potential Areas of Concern 1, 2, 3 and 4.

This additional information should be sufficient for your office to complete the RFI review and inform us of what further action, if any, will need to be taken. If you have any questions, please contact Mr. Peter P. Zamie at (505) 784-1092.

Sincerely

ROBERT S. PYEATT, GS-13
