Dear Mr. Plum:

Pursuant to our conversation of October 20, 1983, a clean up action must be instituted at Person Station located on Broadway S.E., Albuquerque, New Mexico. The clean up to include the removal of contaminated soil and material to a permitted hazardous waste disposal site.

A copy of your clean up plan must be submitted to:

Mr. Raymond R. Sisneros, Health Program Manager
Hazardous Waste Section
EID
P.O. Box 968
Santa Fe, NM 87504

As soon as possible for review, this plan, at a minimum should address:

1. the procedures for removal of contaminated materials
2. the procedures for temporary storage of materials removed
3. the transportation and ultimate disposal of materials removed
4. the protection of the site during clean up activities
5. the protection of any samples collected (chain of custody)
6. the cleaning of equipment
7. the restoration of the site.

A formal letter will be forth coming which will address the Hazardous Waste Compliance Inspection which was performed at the referenced
