Dear Ms. Davis

Subject: Preliminary Groundwater Assessment Data,  
Person Station Corrective Action  
Directive, NMT360010342

Enclosed is a set of preliminary data associated with the groundwater assessment program being conducted at Person Generating Station as part of our Corrective Action Directive (Phase I). This data includes a water table map prepared from measurements taken on May 20, 1992; concentration contour maps for perchloroethylene (PCE), 1,1-dichloroethylene (DCE), and 1,1,1-trichloroethane (TCA) determined from sampling conducted the week of May 4, 1992; and a graph demonstrating how the leading edge projections for PCE and DCE were determined for the above concentration contour maps.

Sincerely,

Ron D. Johnson  
Sr. Environmental Scientist
