Dear Mr. Hale:

This letter notifies you of a final permit decision by the New Mexico Environment Department (NMED) to modify Module IV of the Resource Conservation and Recovery Act (RCRA) Permit NMT360010342 issued to the Public Service Company of New Mexico (PNM, the Permittee). The Permittee requested this modification in March 2003. The modification consists of the approval of No Further Action (NFA) status for seven (7) Solid Waste Management Units and Areas of Concern (SWMUs/AOCs) located at PNM in Albuquerque, New Mexico.

This final permit decision shall become effective thirty (30) days after the date of this letter. The approved permit, revised Tables A.1 and A.2, are enclosed with this letter.

Enclosed is the modification in the form of changes to Tables A.1 and A.2, Module IV. Table A lists SWMUs and Areas of Concern (AOCs) subject to Corrective Action, which no longer contains the subject 7 SWMUs/AOCs approved for NFA status herein. Table A.2 lists SWMUs and AOCs not requiring corrective action. Also enclosed is a list (Enclosure 1) of the seven SWMUs/AOCs approved for NFA status by this action.
