Eldred, Executive Vice President and Chief Financial Officer of the Company. Management is responsible for the Company's compliance with these requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, as adopted by the Public Company Accounting Oversight Board (PCAOB). The sufficiency of these procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures that we performed and related findings are as follows:

We recomputed the amount included in item 5 under the caption Alternative II, Tangible net worth, in the letter referred to above, as the line item entitled "Total common stockholder's equity" less the line item entitled "Goodwill" in the audited consolidated financial statements of the Company as of and for the year ended December 31, 2012, on which we have issued our report dated March 1, 2013, and noted no difference. It should be understood that (1) we make no representations regarding the Company's determination and presentation of non-GAAP measure of tangible net worth, and (2) the non-GAAP measure presented may not be comparable to similarly titled measures reported by other companies.

We recomputed from, or reconciled to, the audited consolidated financial statements of the Company as of and for the year ended December 31, 2012, the information included in items 6 and 9, under the caption Alternative II, in the letter referred to above and noted no differences.

We were not engaged to, and did not, conduct an examination, the objective of which is the expression of an opinion on the elements, accounts, or items of a financial statement. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matter might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the New Mexico Environment Department Hazardous Waste Bureau and management of the Company and is not intended to be and should not be used by anyone other than these specified parties.
