SUBJECT: Quarterly Progress Report

Dear Mr. McDonald:

In compliance with Philips Semiconductors' HSWA permit (NMD000709782-1), modified March 18, 1996, this letter serves as the quarterly progress report as required. The following progress has been made between March 1, 2004, and June 30, 2004:

- *D.1(a) - A description of the work completed and an estimate of the percentage of work completed:* Quarterly groundwater monitoring was completed on April 7-8, 2004. Thirteen (13) monitoring wells sampled were; MW-1, MW-2, MW4, MW-5, MW-6, NCLF-2, NCLF-3, NCLF-4, NCLF-5, NCLF-6, NCLF-7, NCLF-8 and NCLF-9.
- *D.1(b) - Summaries of all findings, including summaries of laboratory data:* A quarterly groundwater monitoring report is included with this report for your files. All wells were sampled only for Tetrachlorethylene (PCE). This change is in accordance with the Class I Permit Modification issued by NMED to Philips Semiconductors on January 6, 2000 that places all Philips wells on annual monitoring frequency.
- *D.1(c) - Summaries of all problems or potential problems encountered during the reporting period and actions taken to rectify problems:* No problems identified.
- *D.1(d) - Projected work for the next reporting period:* Quarterly groundwater monitoring will continue. Philips Semiconductors will continue to sample wells quarterly for Tetrachlorethylene.
- *D.1(e) - Summaries of contacts pertaining to corrective action or environmental matters with representatives of the local community, public interest groups or State government during the reporting period:*
No contact or communication made this quarter.
