Subject: Albuquerque, NM Permit  
NMD000804294-1

Dear Dr. Grover,

Due to the confusion and delay in our mailroom over the Thanksgiving holiday, the subject permit was stamped as arriving at the Safety-Kleen Corporate Office on two different dates. Due to the fact the Albuquerque, NM application is effective 60 days after receipt of the permit, this date is essential. Unless Safety-Kleen is further notified by the New Mexico Environment Department, Safety-Kleen will use the first stamped date of receipt of this permit, which is shown as November 29, 1991

If you have any discrepancies, please feel free to contact me on extension 2227.

Sincerely,

Jennifer M. Jendras
