RE: EMERGENCY AUTHORIZATION FOR SEO WELL NUMBER RG-???

Dear Mr. Turney;

This is to inform you that the NMED has reviewed the Application for a Permit to drill a remediation well. We find that this well is located and its construction details are in conformity with the Sparton Plan of remediation presently before the court.

We thank you for the opportunity to comment on this remediation well application and hope that you will continue to keep us informed of similar applications so that we may review and comment on them.

Sincerely,

Dennis McQuillan
