Subject: Sparton

John/Carolyn,

I talked to Tony Hurst of Hurst Engineering Services, Sparton Technology Inc.'s contractor, on May 2, 2005 about agreeing to an extension of the submittal deadline for the Annual Report. He told me that the extension request is sent to EPA Region 6 and that EPA is responsible for issuing approvals. NMED is included as a courtesy. He said that Sparton has requested an extension every year since the Consent Agreement was signed and was verbally granted the extension by EPA each time. I had him fax me the extension letter requesting an extension of the submittal date to June 1, 2005. I told Mr. Hurst that NMED did not have any objections to the extension of the submittal date for the Annual Report to June 1, 2005.
