**RE: Approval with conditions 2015 Annual Report Sparton Technology, Inc.
EPA ID No NMD083212332**

Dear Mr. Cobrain and Mr. Hendrickson:

We are in receipt of your correspondence dated November 29, 2016 that approves the Sparton Technology's 2015 Annual Report subject to a condition that Sparton undertake sampling and reporting of 1,4-dioxane.

Although not required by the Consent Decree, Sparton will voluntarily analyze samples collected from all groundwater monitoring wells scheduled to be sampled and both treatment systems' influent and effluent for the presence of 1,4-dioxane using EPA Method 8270 (SIM) by no later than the second and third sampling events in 2017.

Sparton will submit the preliminary analytical results for the two 1,4-dioxane sampling events to EPA and NMED within 60 days after conducting each sampling event.

Sparton understands that by agreeing to undertake this sampling the latest annual report is approved.

Sincerely,

Ernesto Martinez
EHS Corporate Manager
