~~CONFIDENTIAL~~

MEMORANDUM

Date: October 1, 1996

To: Mark Weidler, Secretary, New Mexico Environment
Department

From: Benito Garcia, Chief, Hazardous and Radioactive
Materials Bureau

Re: Disclosure Statements for the Triassic Park Hazardous
Waste Disposal Facility, New Mexico.

The Disclosure Statements for the Triassic Park Hazardous Waste Disposal Facility (TPDF) are enclosed. The statements, submitted to the Hazardous and Radioactive Materials Bureau by Mr. C. Gene Samberson on September 27, 1996, are a requirement of the New Mexico Hazardous Waste Act, Chapter 74, Article 4, Section 4.7. Please note that all information in the disclosure statements is confidential.

The next step in processing the TPDF Permit is your request to the Department of Public Safety (DPS) for an investigative report on the permit applicants based in part upon the disclosure statements. Pursuant to the Hazardous Waste Act, DPS will transmit the report to you within ninety days of their receipt of the statements.

Please call me at 827-1557, or Barbara Hoditschek at 827-1567, if you have questions on this.
