Subject: *Landfill cap costs*

Remarks: *Received a message from Mike RE: my request for a cost estimate from EPA contractors for landfill cap costs.*

His contractor's estimate for a 1.5'-2' vegetative cover with a plastic liner and 2' compacted clay liner with venting was \$250,000/acre or \approx \$574/ft². This cost is over \$300 ft² more than the per ft² cost I intended to use in the revised cost estimate for closure.

Action Required: *Use the calculated cost already determined for the Landfill cap and include the cost in the permit attachment 0-2*

Action Taken:
