Steve,

Please fax me the following:

1. WWIS information about shipments to WIPP since RF000023 arrived on August 2. You have provided me the information about RF000024, but please confirm the shipment and receipt dates.

↳ 8/7 ↳ 8/8/w

2. The current repository report and any information about impending shipments from Rocky Flats, Hanford, or INEEL.

3. The cover letter that you received yesterday regarding Hanford's use of "Method 2" to deal with its "old data" problem. I would also like to receive the approximately 50 pages of attachments, if you can fax it. If not, let me know how I can get that attachment.

I have received a copy of yesterday's letter from Maggiore to Inez (sic) and Joel (sic) stating that the financial assurance requirements of the permit are withdrawn. I assume that you have it by now.

Thanks for your assistance.
