Number of Pages (including this cover sheet): 4

COMMENTS

Don, Margret -

We are working on a response to Don's letter of December 12, but because Susan McMichael is out sick again today, I'm forwarding a copy of the approved temporary authorization we had intended to attach to that response. I hope to have a response out by Monday, but it all depends on Susan's health. However, I want to emphasize that we do appreciate and consider all your comments, so don't get frustrated with the process. Have a good weekend!

Steve
