Table of Contents

Summary of proceedings.....	1
Argument.....	7
a. Standards of review.....	8
b. The applicable law.....	11
Point I: The PMR fails to disclose Permittees' need for the proposed modification.....	13
Point II: Permittees have failed to show how the surface dose rate limits would be enforced.....	18
Point III: The modified Permit allows unsafe container management.....	25
Point IV: The modified Permit calls for invalid overpacking procedures.....	27
Point V: The PMR fails to examine a breach of a shielded container and its consequences.....	30
Point VI: The PMR calls for a more than 25% increase in container storage capacity and requires Class 3 procedures.....	34
Point VII: The PMR calls for storage of different wastes in containers that require additional or different management practices and requires Class 3 procedures.....	38
Point VIII: Class 3 procedures are called for by significant public concern.....	42
Conclusion.....	44
Considerations requiring oral argument.....	46
Certificate of service.....	47
