Subject
 • Discuss items from internal discussions @ HRMB. See today's earlier Memo on internal discussions (10:30, 3/4/92).

Discussion
 Zeke: To address the lack of monthly ZOF soil-core sampling & BTZ semi-annual sampling GRC does have this data but did not submit it w/ annual reports. Also, facility records have kept track of precip. events and tensiometer / lysimeter attempted sampling.
 NOTE: Past soil-core samples indicate creosol has migrated into BTZ, he will send this data ASAP to Bureau.

HRMB: Want to set up meeting between Bureau & GRC (without attorneys) to discuss issue of closure, sampling & possible delay of Closure Application.

Zeke: The facility would very much like to keep the LTU open for only waste (FOOI) disposal.

Conclusions or Agreements
 Zeke: will call back on 3/5 to discuss meeting time and submittal of creosol data.

Distribution

Signed
 Steve M. Alexander
