Dear Ms. Van Horn,

Western Refining, soon to be Andeavor on August 1, 2017, is working on the responses and data requests in your letter dated June 1, 2017 regarding the Baker Tank ASO Caustic Release on April 3, 2016. We anticipate that the information and data needed for our response to this request will be complete by August 31, 2017. This delay was due to recent staff changes within the Environmental Department. Therefore, we are requesting an extension until 31 August 2017.

Thank you for your consideration. If you have any questions regarding this request, please do not hesitate to contact me at 505-726-9743.

Sincerely,

Bill Bailey
Environmental Supervisor
