Hi Kristen,

Apologies for the oversight. In reference to the 2018 Annual Facility-wide Groundwater Monitoring Work Plan Report, do you want the copy to include both the final and the red-line strike out version?

Sincerely,

Jessica O'Brien | Andeavor | o: 505 722 0287 | m: 409 454 3777

Subject: Submittals to NMED

Hi Jessica-

We received the 2018 Groundwater Monitoring Work Plan and the Work Plan for OW-58 wells; however we received one hard copy of each document.

The RCRA Permit, Section II.C.7 (Submittals to the Environment Department) requires that "The Permittee shall submit by certified mail or hand delivery all reports, notifications, or other submissions that are required by this Permit to be sent or given to the NMED. The submittals shall be in the form of two paper copies and one copy in electronic or other format acceptable to the NMED."

When you have a chance, can you please send a second hard copy of each work plan.

Thank you,
Kristen
