RE: Extension Request
WESTERN REFINING SOUTHWEST INC, GALLUP REFINERY
EPA ID #NMD000333211

Dear Ms. Van Horn,

On behalf of Western Refining Southwest Inc., Gallup Refinery (Permittee), please accept this letter as a request for an extension of no later than sixty (60) days pursuant to Part I.J.12 of RCRA Permit NMD000333211 with regard to the 2017 Annual Groundwater Monitoring Report that is due on September 1, 2018. The Permittee is currently preparing documentation that satisfies the NMED's request for responses to questions and comments provided on the below:

- Disapproval 2015 Annual Groundwater Monitoring Report, letter dated January 31, 2018 (HWB-WRG-17-007)
- Disapproval 2016 Annual Groundwater Monitoring Report, letter dated June 4, 2018 (HWB-WRG-17-008)

Revisions to the above-mentioned reports, as well as, responses to comments are due no later than September 30, 2018. The Permittee has requested a meeting with NMED to review Permit-related activities, which has been scheduled for September 19, 2018. Discussions during this meeting will offer an opportunity for clarification of NMED comments and information being requested. As revisions to the two previous annual reports are being finalized, Permittee proposes to submit the 2017 Annual Groundwater Monitoring Report no later than October 30, 2018. We appreciate your patience and will continue to work diligently to resolve your questions and concerns efficiently as possible.

If you have any questions about this request, please do not hesitate to contact me by telephone at (409) 454-3777 or by email at Jessica.L.O'Brien@andeavor.com.

Sincerely,

Jessica L. O'Brien
Acting Environmental Supervisor
