**RE: APPROVAL
EXTENSION REQUEST
WASTE ACCUMULATION TIME
WESTERN REFINING SOUTHWEST INC., GALLUP REFINERY
EPA ID # NMD000333211
HWB-WRG-19-MISC**

Dear Mr. Moore:

The New Mexico Environment Department (NMED) has received the Marathon Petroleum Company dba Western Refining Southwest Inc., Gallup Refinery (Permittee) correspondence, dated February 11, 2019 and received February 27, 2019 regarding an extension of the 90-day hazardous waste storage time. The Permittee also contacted NMED prior to receipt of the letter on February 21 and 22, 2019 and NMED responded by email February 22, 2019. This letter provides a formal approval of the extension request.

The first bin received waste on November 26, 2018. The waste stream consists of soils with listed waste (D018) from the cleanup of the overflow of gasoline from Tank 563 which occurred November 23, 2018. The Permittee requests an extension of time to remove the waste to May 31, 2019 due to weather making the area where the soil bins are located difficult to access. The Permittee must notify NMED that the extended deadline to remove the waste was met no later than **May 31, 2019**.
