Dear Mr. Moore:

The New Mexico Environment Department (NMED) has received the Marathon Petroleum Corporation (dba Western Refining Southwest LLC) (the Permittee) 90-Day Storage Extension Request, dated October 17, 2022. The stated reason for the extension is due to an unanticipated issue with the Permittee's disposal contractor for the disposal of wastewater filters that are a hazardous waste. The Permittee requested a 30-day extension so that the Permittee can remain in compliance with the requirements of 40 CFR 262.17. NMED understands that as of the writing of this approval letter the waste has been removed from the facility. The extension request for the extension of time is hereby approved as the basis for the request is considered to be an "unseen, temporary, and uncontrollable circumstance." in accordance with 40 CFR 262.17(b).

If you have questions regarding this letter, please contact Lane Address of my staff at 505-690-5286.
